**DETAILED ACTION**

***Allowance***

I. Claims 1-18 are allowed.

***Reasons for Allowance***

II. The following is an examiner's statement of reasons for allowance:

Claim 1 is allowed because neither Fosdick (US 5,752,041) nor Lim et al. (US 6,732,181 B2) disclose a licensing framework for activating an upgrade license key to enable additional ones of the plurality of links to the communications network to increase the total amount of traffic capacity to the communications network.

Claims 2-7 and 18 are allowed based on their dependence on allowed independent claim 1.

Independent claims 8 and 15-17 contain limitations similar to the one recited above in claim 1 and are allowed given the same reasons as above.

Claims 9-14 are allowed based on their dependence on allowed independent claim 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***
